Community Policing

S.A.V.E.
DEWITT POLICE DEPT.

In the spring of 2009 the DeWitt Police Department in cooperation with the Town's school districts, came up with a new educational safety program to replace its current D.A.R.E. Program; which had been the primary youth program of the Department for the past twenty-one years.

The S.A.V.E. Program (Safety Awareness Violence Education), provides the children of our community with the skills needed to deal with the dangers of drug abuse, alcohol abuse, personal safety, peer pressure, internet & social media safety. It also provides them with guidance they need to make the right decisions for their health and future.

The Community Policing Promgram of the DeWitt Police Department offers twenty four programs geared to the education, prevention, and intervention of the youth in the Town of DeWitt.

Our goal is to have Police Officers as positive role models; facilitating safety lessons to an age group span from Pre-K, all the way up to High School Levels. Police Officers see first hand, the dangers and consequences of making poor decisions involving drugs, alcohol, and other risky situations. Our hope is that Officers cannot only give a foundation for the kids to build on, but to create a relationship between the Police, Schools, Students and Parents.

Because of this combined effort, DeWitt Police Officers can make a difference in our ever changing society. Through education, prevention, and intervention we are able to watch these children grow, learn, and recognize the need to make the right decisions when faced with risky situations; and choose their friends wisely. It is the belief of our Police Department to facilitate, "Children learn what they live & they live what they learn".

Digital Child Fingerprinting

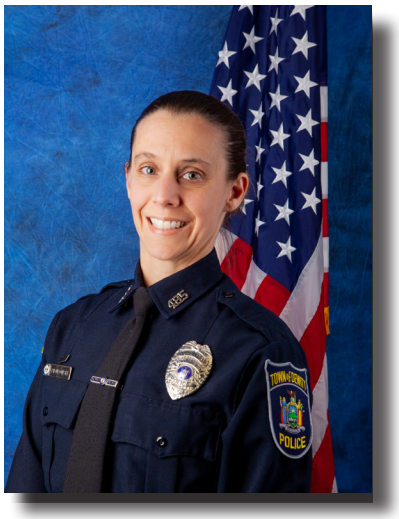

The DeWitt Police Department's Child ID Program records a digital image of a child's fingerprint, photograph, & personal information onto a plastic ID card. Since 2012, we ave printed 1,226 kids at 51 different youth events in the Town of DeWitt.

School Resource Officer

On September 5, 2018 the DeWitt Police Department introduced a new school resource officer position at Jamesville DeWitt High School. Our SRO establishes relationships with students and acts as a mentor. Their law enforcement function is a part of relationship-building with the student body and community and fosters educational programs and activities that increase the student knowledge of and respect for the law and the function of law enforcement agencies. They work cooperatively with teachers to assist in developing speciatly programs specific to areas of study including court procedures, citizenship and forensic science.
The SRO conducts criminal investigations with the goals of promoting safety for the school community and establishing a deterrent to delinquent student behavior and promoting and ensuring the safety of the students, faculty and administration of the school district.
